

# Be a **Day One VOTER!**

## HELP DEMOCRATS WIN IN NOVEMBER!

### What is early voting?

- It's voting before Election Day! The earlier the better!
- Depending on your home state, early voting starts 10-50 days BEFORE Election Day!

### Why is it important?

- Early voters help increase voter turnout.
- Campaigns can move down their get-out-the-vote lists & focus on uncommitted voters.

### How do I do it?

- On Day 1 (or as early as possible!), drop off your ballot in person or drop it in the mail slot.
- Find your Day 1 HERE: [voteonday1.org](http://voteonday1.org)

### How else can I help?

- Tell your friends and family you're voting early!
- Tell them why you voted early and encourage them to VOTE EARLY, TOO!

*# Day 1 Democracy*
